Pyrameditation™...

JUST RELAX AND ENJOY IT!

Throughout the world people are expressing their unique reactions to meditation within a pyramid form; **Pyrameditation,** as we prefer to call it. Meditators confirm the form is equally effective without side panels. They report a more immediate sense of total relaxation in a pyramid, a deepening of their meditations, and an increase in self-awareness, among other exciting experiences. Why? Frankly, we don't know for sure. But we don't mind telling you that we are much more interested in results than in "reasons why?"

Properly constructed and oriented, a replica of the Great Pyramid of Giza appears to bring the energy vibration leved of the meditator in harmony with creation. Others describe it as a "centering" effect. This seems to occur whether the subject is an experienced meditator or not, and no matter what discipline is followed, if any at all.

Description of individual experiences is as varied as the personalities of the persons involved:

"Brilliant flashes of white light, as if being drawn out of myself . . ."
Ben Dai
Oakland, Ca 94609

"Feeling of weightlessness and tingling."
Rose Marie Bell
Taylorville, Ill 62568

"Felt like a think tank. Went into alpha instantly!"
A. Eugene Frazier
Dallas, Texas 75219

"Felt like liquid electricity flowing down all over me."
Mrs. George E. Kloppe
Phoenix, Arizona 85201

"Felt 20' tall, saw colors and symbols, saw visions, heard sounds, broke into a sweat . . ."
Rev. John W. Butts
Lancaster, Pennsylvania

"A feeling of everything coming together in great quiet — then no body!"
Emily Boxley
San Marino, Ca 91108

Pyrameditation, Inc. of Fresno, California, has developed a variable-size replica of the Great Pyramid, which allows the user to explore the phenomenon in the comfort of his or her home or environment, with a minimum of effort or technical knowledge. I HAVE FAITH
I have faith in the new day that's coming.
In the things that I know I shall do.
I have faith that there'll be something
Lovely for me, and I have Faith in myself, have you?
I believe that our God will watch over.
And I know that he'll always take care.
And if things go wrong, we shall still
Have a song - - and a happiness always to share
That's why I have Faith in tomorrow.
Though today might be lonely and blue.
My best I shall give in each day I live
And my own Faith will carry me through.

The staff of Uni-Com has faith, faith in the brotherhood of man, faith in the New Age dawning. We hope that you will enjoy sharing with us each month some of the treasures that come our way.

This publication is to share with you and with those you love our thoughts and the thoughts of the beautiful teachers along the way.

"Thought" . . . Thought is that power which creates; it is the direct cause of all external expression. there cannot be a thought without a thinker, so therefore, it is the evidence of being; it is limitless, all powerful for good or evil - - - indeed no evil exists only as it is caused by perverted thoughts. As a man thinks, so he is. Let no poisonous weeds find a place therein; only beautiful flowers. that shall give forth sweet perfume and be a well spring of happiness to our fellow beings"

A prayer brought forth from "Thought"

Father, Mother, Light. - - as 'thought' flows thru our minds and mixes with with Faith and Hope in Thee - - - Love and Compassion for our Brethren - - We send forth that 'thought' in prayer for all, - - May only the things of Thee, enter our 'thought' this day, bringing peace and understanding - - leaving us calm to meet life - - - it's problems and joys, - - - Father, Mother, Light, this day we give thanks for all the blessings that have been ours and with grateful heart praise Thee for thy presense. Amen.

We at Uni-Com have a rare privilege in this life, that of meeting and becoming acquainted with all the many wonderful teachers and speakers in the field of new New Age teachings. A Dr. ask, me at a meeting last week why I was interested in this type of thing, - - The question surprised me, but caused me to stop and think, - - - - To me what I am interested in is not a past-time, but a way of life, it is life! This Dr. wanted to do some research into these "new" ideas. I told him the way to research it was to become involved! Only by becoming involved can you really find the answers!

Won't you join with us and become involved!!!!

REINCARNATION

A thousand years I've waited,
Watching
For a chance to ship my oars.

A thousand years I've drifted,
Waiting
For a tide to go ashore.

A thousand years I've struggled,
Seeking
Shelter from the storm.

A thousand years, and more,
And now
I will, I WILL be born.

THERE IS JOY IN THE WORLD

Last night I tooks a long step in returning "home"; once again reveling in in the joy of life, the awe of God's creation. It came in the form of music, it remains as a powerful reaffirmation within and a rejoicing for those around me.

Twelve hours ago, a shy, frail looking young man stepped up to an old upright piano with twenty people looking on. The piece was his own, starting with simple notes and melody. The music was etherial. The sounds more pure than the old instrument was normally capable of carrying. The music grew and began to transform. The room was filled with it. My head became light. It was if the music was inspired, those in the room were silent, almost reverent. As each piece ended and a new one began the power of the music grew more presusive. It flowed through my ears, throughout my body and came to rest deep within me. The music grew in stature, became complex and thunderous and then would abruptly change, yet the moods, always seemed to touch different chords within me. Pictures, thoughts, and emotions were given freedom. The music seemed to turn me inward, in joyful meditative response. I could sense the same joy throughout the room. It could have lasted for hours. The sound stopped, but the music did not stop, it still has not stopped.

This young man, from who the music flows, cannot read a note of music, does not know an octive from a greater note. He has never had a lesson in his life. He has not taught himself to play. He has always played. These melodies cames not from books or the mind, this music comes from the air around him. from the love within him, from knowledge that exists in every atom, in every energy in the universe. This is God's music. It is an expression of the complete fulness, the complete intergrity, the pervasive expression of truth and knowingness that manifests itself throughtout the universe and within each one of us.

I am so totally enraptured with the certainty that truth and knowledge is contained in all things, that as an example, the joy and expression of the music is within every one of uur souls. The persuasive resonances of truth and love

exists in all things. Everyone of us contains the joy. It is the one thing each of in our own way strives for, because it is for us all a "coming home"; a recognition of perfection and beauty already known.

And so it is, and so it can be with all other things.. I express my joy within and I see it all around you. As the period of growth spiritually psychically, socially, and scientifically continues to unfold; let us all remember and feel the joy of being part of the awesome creation. Let this joy prevade us in the spirit of cooperation. Let us work together and share this joy. Let the truth of all things, all works, and all thought see the joy within them and around them.. Let the cooperation be a basis for this sharing. It is certainly in all things.

WORLD INVOCATION DAY—4 JUNE, 1974

An Invitation to Men and Women of Goodwill

This is a time of preparation not only for a new civilization and culture in a new world order, but also the coming of a new spiritual dispensation.

Humanity is not following an uncharted course. There is a divine Plan in the cosmos of which we are a part. At the end of an age human resources and established institutions seem inadequate to meet world needs and problems. At such a time the advent of a Teacher, a spiritual leader or Avatar, is anticipated and invoked by the masses of humanity in all parts of the world.

This massed invocation reaches the highest point each year during the period of three great spiritual Festivals: at the great western Festival of Easter; a month later at the eastern Festival of Wesak, the Festival of the Buddhas and climaxes a month after that at World Invocation Day, the Festival of Humanity, which has the keynotes of goodwill and right human relations.

World Invocation Day has three central features:

First: the use of the Great Invocation, a world prayer which expresses truths central to all major religions.

Second: the spiritual cooperation of men and women of goodwill of every faith joining in a united act of invocation to divinity.

Third: the distribution into human consciousness of the spiritual energies evoked during the Festivals of Easter and Wesak.

Today the reappearance of the world Teacher the Christ is expected by millions, not only by those of Christian faith but by those of every faith who expect the Avatar under other names the Lord Maitreya, Krishna, Messiah, Imam Mahdi and the Bodhisattva.

Glamour and distortion surround this central fact of divine response to human need. This is inevitable but unimportant. The fact of transition into a new age *is* important. Preparation by men and women of goodwill is needed to introduce new values for living, new standards of behaviour, new attitudes of non-separateness and cooperation, leading to right human relations and a world at peace. The coming world Teacher will be mainly concerned, not with the result of past error and inadequacy but with the requirements of a new world order and with the reorganisation of the social structure.

Will you join in observing World Invocation Day through the united use of the Great Invocation, and will you join in making this day widely known?

THE GREAT INVOCATION

From the point of Light within the Mind of God
Let light stream forth into the minds of men.
Let Light descend on Earth.

From the point of Love within the Heart of God
Let love stream forth into the hearts of men.
May Christ return to Earth.

From the centre where the Will of God is known
Let purpose guide the little wills of men
The purpose which the Masters know and serve.

From the centre which we call the race of men
Let the Plan of Love and Light work out.
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.

Here is a book as complex and individual as you are. It's not light reading because it's your life, your astral biography, from the details of your inner feelings to your outermost ambitions.

Sun-Moon polarity, as the connection between conscious drives and unconscious feelings, is discussed at great length.

The ascending sign and its rulership position is interpreted as your personality, as your approach to life. Each house of the zodiac is described in terms of planets, rulerships and aspects.

This is not a vague report based on generalities. From your exact time, day, year and place of birth our IBM 370-155 sorts out 24,000,000 bits of astrological information. The result is a 12,000 word personal biography revealing secrets that even your closest friends would not dare talk about.

How is this possible? An astrologer does basically the same thing, but it takes longer and costs more. The computer is simply a memory bank. Only the information that applies to you and only you is drawn from the bank.

All this is yours for only $10. It's the best buy there is in computerized horoscopes. Plus a money back guarantee if your Astral Portrait isn't what you expected.

Think of it as a reference book, to be studied from time to time. We've got the best available, anywhere, at anytime... and at any price.

Who Are You?

Sometimes we get so involved ith life that things get serious and we forget who we are and why we are here. Many have forgotten that they have lived several lifetimes and they consider reincarnation a matter of belief.

New Techniques, using biofeedback and direct questioning, make it possible for almost anyone to recall and partially re-experience one or more prior lifetimes. The session takes about 1/2 hour and is a personal experience. The Technique has worked in 90% of over 400 cases.

An introductory session is available to anyone who would like to experience these higher consciousness techniques.

UNI-COM FOUNDATION

415-493-2973

California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. The Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is THE UNI–COM GUIDE, a monthly calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing UNI–COM GUIDE is supported by paid advertising and by modest subscription fees of $5/year, or $8 two years.

In the process of gathering information for UNI–COM GUIDE, the Foundation becomes aware of leaders who are available for services in counseling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organizations needs for such talents, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services but is supported by those who see the value of such work and voluntarily wish to become a part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society. Uni-Com offers two additional services of a mail order book cataloque and a small monthly pamphlet of articles by Metaphysical teachers.

Song

R. H. Grenville

WHEN A scrap of life
On a sunlit wing
Puts joy to music,
Should I not sing?
When winds go by
With a singing voice,
Is it not meet
That my heart rejoice?
Grant, O Father,
That I may start
Each glad new day
With as light a heart
As a bird atilt
In a leafy tree,
Part of Thine own
Vast harmony!
